

AHMED ABDELRHMAN KAOUD FADEL

Brand Identity Designer · Visual Identity Specialist · Front-End Developer

a7medka3oud@gmail.com | +20 112 569 4463 | Sohag, Egypt | behance.net/a7medk3oud

PROFESSIONAL SUMMARY

Brand identity designer and front-end developer with a focused freelance practice serving clients in Egypt, Jordan, and Saudi Arabia. Combines visual identity expertise with a growing foundation in business strategy, financial markets, and digital development. Developed a structured, self-driven approach to professional work — building real skills across design, technology, and finance through consistent independent practice. Actively integrates AI tools into daily work for research, content development, visual conceiving, and workflow optimization. Known for disciplined work habits, honest client communication, and a strong commitment to continuous learning.

PROFESSIONAL EXPERIENCE

Freelance Brand Identity Designer

2024 – Present

Self-Employed | Personal Brand: @a7medka3oud | Egypt, Jordan, Saudi Arabia

- Provided brand identity design services to clients across Egypt, Jordan, and Saudi Arabia — delivering logo design, visual identity systems, and brand guidelines.
- Managed client relationships end-to-end: initial brief, concept development, revision rounds, and final delivery.
- Developed approximately 10 client projects across different industries, each with tailored visual solutions aligned to the client's market and audience.
- Maintained an active Behance portfolio documenting completed work and design process for each project.
- Built and managed personal brand presence across professional platforms under the handle @a7medka3oud.
- Integrated AI tools into client work — writing structured prompts for content direction and creative briefs, using AI image generation (Midjourney, Adobe Firefly) for visual conceiving, and applying AI-assisted research to support design decisions.

Graphic Designer — Client Project

2024 – 2025

AWTAR Group (awtarksa.com) | Saudi Arabia (Remote)

- Delivered professional HTML email signature designs for executive-level stakeholders at a Saudi multi-sector business group.
- Resolved compatibility issues across Gmail and Outlook environments to ensure consistent cross-platform rendering.
- Managed multiple client revision cycles, producing a final deliverable that met the client's professional standards and was approved for internal use.

PERSONAL & PORTFOLIO PROJECTS

Front-End Development Projects

2020 – 2022

Self-Initiated | Personal Practice

- Designed and built a personal portfolio website from scratch using HTML5 and CSS3 and JavaScript, incorporating responsive layout and clean visual hierarchy.
- Developed a product landing page with structured content sections, responsive design, and conversion-focused layout.
- Built a basic dashboard UI demonstrating layout management, component structure, and data presentation patterns.
- All projects developed independently without formal instruction — driven by self-study and practical experimentation.

Brand Identity Practice & Concept Work

2020 – 2022

Self-Initiated | Design Skill Development

- Developed a series of brand identity concept projects — logo design, color systems, and visual guidelines — to build technical proficiency and a professional portfolio.
- Studied brand strategy, typography, and visual identity principles through independent research, online resources, and applied practice.

- Published selected work to Behance as documentation of design development and approach.

MILITARY SERVICE

Egyptian Armed Forces — National Service

2022 – 2024

Mandatory Military Service | Honorably Discharged, 2024

- Completed two years of mandatory national military service with full commitment and professional conduct.
- Developed institutional competencies in discipline, structured routine, team coordination, and operational responsibility.
- Continued personal development in design and professional skills during off-duty periods throughout the service term.

FINANCIAL MARKETS & INVESTMENT

Personal Investor — Egyptian Exchange (EGX)

2024 – Present

Individual Portfolio | Listed Equities | Mid-scale investment

- Managed a personal equity portfolio on the Egyptian Exchange for approximately 2 years, gaining applied knowledge of capital markets.
- Developed a working understanding of fundamental analysis: reading company financial reports, tracking earnings, evaluating sector conditions.
- Applied basic risk management principles including diversification and position sizing to portfolio decisions.
- Built practical financial literacy through direct market participation — an interest that informs a broader goal of formal business education.
